## New Kubota V3300 & V3800 Kits

COMPLETE ENGINE KITS & COMPONENT PARTS

### The FIRST Aftermarket Kits Now Available!

Aftermarket exclusive from Reliance Power Parts, we now offer the only complete engine kits on the market for the Kubota V3300 & V3800, available with standard or 0.50mm piston assemblies. Unlike anywhere else where you have to order individual parts, you can order a complete overhaul kit using one part number. We have coverage for agricultural tractors, industrial engines and generators in the 68 – 105 horsepower range.

ENGINE MODEL	NUMBER OF CYLINDERS	BORE X STROKE (MM)	BORE X STROKE (IN)	DISPLACEMENT (LITER)	DISPLACEMENT (CU. IN)
V3300	4	98 x 110	3.86 x 4.33	3.318	202.5
V3800	4	100 x 120	3.94 x 4.72	3.769	230.0

**ENGINE IDENTIFICATION** / The engine model and serial number can be found stamped into the crankcase at the rear of the block, below the intake manifold. The engine serial number follows the engine model number.

ENGINE KIT	ENGINE MODEL	STD PISTON KIT	STD PISTON
RP1324	V3300 (-->YY0471)	607916-2897	1C010-2111-0
RP1325	V3300 (YY0471-->)	61G533-2177	1C011-2111-3
RP1326	V3300T (-->YY0471)	607916-2899	1C040-2111-0
RP1327	V3300T (YY0471-->)	61G563-2177	1C041-2111-0
RP1328	V3300-E2B	61G533-2177	1C011-2111-3

# Welcome to the New Reliance Online!

As part of our commitment to providing the best customer experience, we've launched an all new website packed with new features, such as:

**One Login** Use your User ID and password from Smarts1.com, RelianceParts.com, or PowerMaxParts.com to start shopping now!

**Easy Online Shopping** With our new Shop Parts search engine, you will be able to search the way you want to find what your customers need quickly and efficiently.

**Manage & Track Orders Online** We will be rolling out more and more features for you to manage your orders and Reliance dealer account – keep an eye out and stay tuned!

**Access the shop from anywhere** Whether you're in the shop or out in the field, you can access the same great features from your phone, tablet and desktop.

**Updated Design** Our parts are innovative and our brand reflects that. With a cleaner interface and eye-catching resources, you will be proud to call yourself a Reliance Power Parts dealer.

**1% Web Order Discount** As a thank you for shopping online with us, all customers automatically receive a 1% discount on orders made through the website.

## PRI Trade Show 2016

COME VISIT US IN INDIANAPOLIS

We will be exhibiting at the upcoming PRI Tradeshow Dec 8th-10th. Please stop by our booth, number 6123 in Yellow Hall, and allow us to demonstrate firsthand how we can help you to grow your business. We always look forward to talking with you and value your comments or suggestions.

- ✓ Talk with one of our engine specialists
- ✓ See the newest additions to our product line
- ✓ Learn about new products in the pipeline

# John Deere Connecting Rods

NEW REMANUFACTURING PROGRAM

Part # NR56187

Now available, a high quality cost saving option for replacing John Deere connecting rods! We are proud to announce our remanufactured connecting rod program.

These rods are remanufactured in-house to ensure that all specifications meet our strict guidelines. Each remanufactured connecting rod includes a new pin bushing and new bolts. **These rods are sold outright with no core charge.**

## Our remanufacturing process includes:

No Core Charge!

Media blasted to remove all rust and dirt

Magnetic particle inspection to make sure that it is not cracked

Cap and rod are surface ground

Big end is then honed back to factory dimensions

Pin bushing is bored off center, restoring the rod to its proper center to center length

New bolts (these bolts are not used during the remanufacturing process and have not been torqued)

Listed below are the connecting rods in stock. Stay tuned as we continue to add more part numbers to our offering.

RELIANCE PART #	OE PART #	CASTING #'S	ENGINE	NOTES
NR56187	SE500746	R56187, R58979	276, 414, 4045, 6068	1.625" pin diameter
EAR87638	SE500079	R57303, R67320	6466T/A Early	

## Repair Manuals

A MUST HAVE TO COMPLETE THE REPAIR RIGHT

You know the importance of the right tool for the job. One of the most important tools is the service and repair manual. We offer service manuals for Tractors, Engines and Heavy Machinery. These manuals provide instructions on how to perform repair and maintenance tasks, torque specifications and tightening sequences.

**Be sure to call us when you need a specific manual!**

The Reliance Insights newsletter is your source for product announcements, events, technical information, and much more. Take a look inside and see what's new!

We make every effort to ship from our closest location to reduce shipping time and charges.

Warehouses located in: Phoenix - AZ, Lincoln - NE, Harlan - IA, Lynn - IN, Jacksonville - FL, and Winnipeg - MB (Canada)

## New Website + New Parts

EASIER, FASTER, BETTER

Not only are we debuting an exclusive aftermarket line of engine parts for the Kubota V3300 & V3800, as part of our commitment to providing the best customer service experience, we've launched an all new website packed with new features! **Take a look inside to learn more!**
