High Compression Cylinder Kits & Overhaul Kits for Late 3-164, 4-219, & 6-329 Engine Applications.

Reliance is pleased to announce the availability of high compression cylinder kits and overhaul kits for late 3-164, 4-219 and 6-329 engine applications. These higher compression cylinder kits offer engine owners improved starting and, in some conditions, better engine performance.

The part numbers for the new kits are as follows:

NRE53322	Cylinder Kit, High Compression
RP716	Inframe Kit, High Compression, Late 3-164D
RP717	Inframe Kit, High Compression, Late 4-219D
RP718	Inframe Kit, High Compression, Late 6-329D
RP719	Overhaul Kit, High Compression, Late 3-164D
RP720	Overhaul Kit, High Compression, Late 4-219D
RP721	Overhaul Kit, High Compression, Late 6-329D

Don't miss out on potential sales for these new kits. Be sure to include these on your next stocking order.
