Aftercooler Supplement Gasket Sets.

Reliance is pleased to announce the availability of two new aftercooler supplemental gasket sets. These gasket sets have been created to provide service for the growing number of 400 Series applications. Shown below are the two new aftercooler gasket set part numbers along with the aftercooler housing numbers with which they are used.

PART NUMBER	DESCRIPTION	APPLICATION AND AFTERCOOLER HOUSING MARKED	
RP-706	GASKET SET, AFTERCOOLER	6466A	R93918
		6076A	R90995
			R110232
RP-707	GASKET SET, AFTERCOOLER	8.1 Powertech	R127428

The application information for the RP-116 aftercooler supplemental gasket set is shown below for your convenience:

PART NUMBER	DESCRIPTION	APPLICATION AND AFTERCOOLER HOUSING MARKED	
RP-116	GASKET SET, AFTERCOOLER	6466A	R69940
		6404A (E)	R50398
			S/N up to 335,845
		6076A	

Be sure to add these important aftercooler gasket sets to your next stocking order.
