New NR123565 Tappets for John Deere 4045 & 6068 Powertech Engines.

Reliance is pleased to announce the availability of NR123565 tappets for the 4045 and 6068 Powertech engines. These tappets are for use in the 4045D,T,H and 6068D,T,H Powertech engines. These tappets are listed in our current catalog and on the current price list.

The tappets in these engines should be inspected closely during engine overhaul and replaced at the first signs of wear. Be sure to add these popular tappets to your next stocking order.
